

Product data: PDL® BASE TREATMENT

100ml

300ml

Replaces Chain Cleaner.

PDL® Base-Treatment removes tacky, wet and dirty chain lubes. It contains the proven active PDL® -Profi Dry Lube ingredients in combination with cleansing components (DGBM-registered).

Lubricates and cleans the chain simply while driving. Brilliant, self-cleaning effect – basic application for a future clean chain.

Article description: **Base Treatment for PDL® PROFI DRY LUBE – Dry film chain lubrication.**
